INFORMED CONSENT Hello! My name is _____, and I am representing Indian Institute of Health Management Research (IIHMR), Jaipur. We are conducting a survey on health care services with focus on family planning to assist the government and communities. You have been randomly selected to participate in this survey. Your participation is voluntary, and if you accept to participate, you will be asked to share your views and experience about family planning and other reproductive health services you have received at this facility. Your decision to participate is not binding, and you can withdraw from the interview	

<p>at any time and your decision will not affect services you receive during any future visit. You may choose not to answer some or all the questions and can ask us to stop at any time, without any consequence. We will take all measures to protect the privacy of your information. If you agree to participate, it will take about 15-25 minutes. Questions will be asked about this health establishment, its staff and the services you received. The in-charge/owner of this facility was also interviewed. There are no direct benefits to you for taking part in this study, but we will be able to bring improvement in the delivery of health services based on your honest responses. There is almost no risk from your participation in this study, however, you may feel mild discomfort in sharing some information about yourself including fear of loss of confidentiality. You do not have to respond to the questions which cause inconvenience. All information shared by you will be kept confidential. Only the study team will access it. We will ensure that nobody ever come to know your personal particulars, including your identity. Information from this interview may be used by health organizations to plan service improvements or further studies. Researchers may also use the data collected from the facility for analyses. However, your name will not be linked to your responses so that your identity remains completely confidential. You are invited to participate in this study. If you have any questions about the survey, you may ask them now or if you wish to ask questions later, you may contact to the principal investigator of the study: Dr. Anoop Khanna at IIHMR University Jaipur Contact No.: +91-141-3924738</p>
