INFORMED CONSENT <i>Find the woman associated with this Female Questionnaire. The interview must have auditory privacy. Read the following greeting: Read the informed consent provided</i>	

<p>Hello. My name is _____ and I am working for the Addis Ababa University, and Federal Ministry of Health. We are conducting a local survey that asks women about various reproductive health issues, including family planning and abortion using a smartphone. The survey helps monitor the state of public health and questions will be used for research purposes. We are contacting you because you participated in the prior round of data collection the year before last and consented to be contacted for this follow-up survey. We would very much appreciate your participation in this survey. This information will help us inform the government to better plan health services. The survey usually takes between 30 and 40 minutes to complete. Whatever information you provide will be kept strictly confidential. Your data will not be linked to your identity when conducting analyses, presenting results, or sharing data.</p> <p>Participation in this survey is entirely voluntary. If we should come to any question you don't want to answer, just let me know and I will go on to the next question; or you can stop the interview at any time. However, we hope that you will participate in this survey since your views are important. If you choose to participate in the survey, you will receive 25 birr airtime credit.</p> <p>If you have any questions about the study and your rights as a research participant, you may ask me now or you may also contact the principal investigators of the study, Dr. Solomon Shiferaw (+251 911 406845) or Dr. Assefa Seme (+251 911 228193) at Addis Ababa University in Addis Ababa, Ethiopia.</p> <p>At this time, do you want to ask me anything about the survey?</p>

Section 5 – Sexual Activity

The questions in the following section relate to your recent sexual activity with your husband/partner. You do not have to answer any questions you do not wish to, but if you do, let's confirm we can have this conversation without anyone overhearing.

Now I would like to ask some questions about sexual activity in order to gain a better understanding of some important life issues. Let me assure you again that your answers are completely confidential and will not be told to anyone. If we should come to any question that you don't want to answer, just let me know and we will go to the next question

<p>501. How old were you when you first had sexual intercourse?</p>	
---------------------------------------------------------------------	--

Current age: \${age}	
Number of live births: \${birth_events}	
The respondent is pregnant	
Enter the age in years. <i>Enter -77 if she has never had sex. Enter -99 for no response. Enter -88 for do not know.</i>	
WARNING: you entered -77, but the respondent is currently pregnant or has given birth before. Go back and fix.	
WARNING: the respondent gave birth \${birth_events} times, but first had sex at the age of \${age_at_first_sex}, only \${years_since_first_sex} years ago. Is that correct? <i>The timing of the number of births should agree with 401a.</i>	<input type="radio"/> Yes <input type="radio"/> No
You entered that the respondent was \${age_at_first_sex} years old the first time she had sexual intercourse. Is that what she said? <i>Go back and change 401a if it is not correct.</i>	<input type="radio"/> Yes <input type="radio"/> No
You entered that the respondent's age at first sex was \${age_at_first_sex}. Previously the respondent said she has given birth at an earlier age: \${age_first_birth}. Is that correct? <i>Go back and change "age at first sex" if it is not correct</i>	<input type="radio"/> Yes <input type="radio"/> No
502. When was the last time you had sexual intercourse?	
Respondent is \${months_pregnant} months pregnant.	
Answer must be in days or weeks up to 4 weeks or 30 days	
##### <i>If less than 12 months ago, answer must be recorded in months, weeks, or days. Enter 0 days for today. You will enter a number for X on the next screen.</i>	<input type="radio"/> X days ago <input type="radio"/> X weeks ago <input type="radio"/> X months ago <input type="radio"/> X years ago <input type="radio"/> No response
502. Enter \${last_time_sex_lab}. <i>If today, enter zero days only, not zero weeks/months/years. Must agree with the age of first sexual intercourse and the pregnancy status.</i>	
The respondent is pregnant. The time since last sex must not be earlier than one month prior to the start of pregnancy. If number of months pregnant is unknown, then the time since last sex must be less than 11 months. Months pregnant: \${months_pregnant} Last time sex units: \${last_time_sex} Last time sex value: \${last_time_sex_value}	
The respondent cannot enter a time since last sex that would be before her age at first sex. Age at first sex: \${age_at_first_sex} Current age: \${age} Last time sex units: \${last_time_sex} Last time sex value: \${last_time_sex_value}	
503. In the past month, how many times did you have sexual intercourse?	<input type="radio"/> 1-4 times <input type="radio"/> 5-14 times

<p>If the respondent is not sure, probe to get an estimate for a time frequency</p>	<p><input type="radio"/> 15 or more times <input type="radio"/> No response</p>
<p>Section 6 - Confidantes Questions</p> <p><i>The next series of questions are about women you know in Ethiopia. I want to remind you that your answers will be confidential. If we come to any question that you don't want to answer just let me know and I will skip to the next question.</i></p>	
<p>GGR_601. I would like to talk about women with whom you share intimate secrets and who share intimate secrets with you. These women might be relatives, like sisters or aunts, or friends. These women should also be people with whom you have been close for at least a year or more, are 15-49 years of age and live in Ethiopia. We will not ask you to identify the women whom you tell us about. How many women do you know that fit this description? <i>Probe to confirm all women are: - Age 15-49 - Currently living in Ethiopia Please do not give examples of what these secrets or private information might be. Enter -88 for do not know, -99 for no response. 0 is a possible answer.</i></p>
